WENTWORTH

PEWTER

SHEFFIELD • ENGLAND

EST. 1946

Collections brings together the designs of some of the most talented British designers, metalsmiths and other award-winning collaborators. Each new range has been brought to life by our team of skilled, traditional pewtersmiths. We aim to push the scope of pewter and challenge our craftsmen to take centuries old pewtersmithing skills in new directions, to create these innovative and unique pewter collections.

Our collaborators

From celebrated metalsmiths to up-and-coming product designers, we work with local and national talent. Our collaborators may come from diverse disciplines but they all have one thing in common - a track record of craftsmanship in their own field.

In Collections discover:

- Jayne Abdy, Wentworth Pewter's lead designer whose commissions include Museums Sheffield, English Heritage and the V&A.
- Steve Anwar of Anwar Studio, a Sheffield-based industrial designer who has exhibited twice at London Design Festival.
- Gordon Robertson, an award-winning pewtersmith also designing gifts on behalf of the new Lord Mayor of London.
- Miranda Watkins, a renowned British designer whose work features in permanent collections at Museums Sheffield, The Royal Institute of British Architects and the V&A.
- Catherine Tutt, a jewellery designer who has worked alongside jewellers and goldsmiths throughout the world.

Made in Sheffield

Wentworth Pewter is a hallmark of quality, heritage and craftsmanship. Each of our products has been lovingly handcrafted, one piece at a time, at our works in Sheffield, UK, the heart of the metalwork industry. Hold one of our products in your hand and you'll be able to see and feel the difference by the weight, finish and polish of every piece.

Loved all over the world

Our pieces have featured in Hollywood movies and in some of the world's most iconic stores including Tiffany's and Liberty's. We feel honoured to have customers across the globe, from the UK to Europe and the USA. They choose Wentworth Pewter for quality, tradition and to give someone special a gift to treasure for a lifetime.

Launched at the Lord Mayor's Parlour, this striking concrete and pewter collection pays tribute to Sheffield's brutalist buildings. The pewter forms are inspired by our Wentworth Pewter factory and the tools for making each pewter piece by hand. It can take a lifetime to learn how to do this properly and the pieces reflect this handmade tradition.

TREE OF LIFE

From Earth to Heavenly Delights

Designed by Jayne Abdy

Inspired by Gustav Klimt's celebrated painting, the tree of life roots into the ground while its flourishing, swirling branches reach for the sky, creating the connection between heaven and earth.

LOVE SKULL

— The Collection to Die for —

Designed by Gordon W Robertson

The inspiration for this iconic motif came about when award-winning pewtersmith, Gordon W Robertson visited Capela dos Ossos or Chapel of Bones, an unusual chapel in Portugal made from the bones of monks that were buried there. He's been fascinated by memento moris, which are symbols of mortality in art, ever since.

MEDIEVAL

The Plate of Kings

Designed by Jayne Abdy

The Medieval collection showcases the long and illustrious tradition of pewtersmithing and includes pieces commissioned by English Heritage. With the Medieval period being the heyday for pewter, it makes perfect sense that we've applied original designs of the era, some dating as far back as the 10th century.

PEACOCK

A Moment of Decadence

Designed by Jayne Abdy

Featuring the plumage of the peacock with his extravagant eye-spotted tail, our Peacock collection was first commissioned by the V&A and is one of our most popular ranges. A symbol of wealth, beauty and rebirth, the peacock has caught the imagination of designers such as William Morris, Louis Comfort Tiffany and now Wentworth Pewter's own lead designer

KNIFE, FORK & SPOON

Pride of Sheffield

Designed by Jayne Abdy

This collection celebrates Sheffield's heritage in cutlery manufacturing. The range features famous icons from the Sheffield Museum collection, which is made up of some 13,000 items of finished metalwork and has Designated Status in recognition of its outstanding national and international significance.

YORKSHIRE ROSE

— Tradition at its Finest —

Designed by Jayne Abdy

Yorkshire Rose is an exclusive collection commissioned by The Famous Sheffield Shop for the Galvanize Sheffield festival of metalwork. The heraldic emblem dates back to the 14th century with Edmund of Langley, the first Duke of York and the founder of the House of York. We've brought it up to date with our stylised, 21st century interpretation of this famous Yorkshire symbol.

Winner of The Eureka Design award, Gleam is a celebration of our pewtersmiths' skills inspired by the spinning process. A bold, modern design, swooping curves and a high-shine finish convey the beauty of pewter – bringing a traditional British material well and truly into a contemporary context. The Groove bowl recently became part of Museum Sheffield's permanent collection.

TWIST

Designed with a Difference

Designed by Catherine Tutt

We're celebrating twenty years of the iconic twist vase with its popular, timeless design. Catherine did something completely different with pewter when she designed the original piece, by making it entirely from one sheet of pewter which is then folded rather than cut into to the shape of twisting, autumnal leaves. Twist broke the mould and it's proved a hit ever since.

HAMMERED

Crafted for Your Enjoyment

Designed by Jayne Abdy

The hammer pattern was the most popular design for pewter in the 1920s and 1930s. We've reinvigorated the design for the 21st century and showcased the versatility of our craftsmen in the process.
